ENTRIES CLOSE 1st March 2009

Demonstration Details

For the 2010 Show, the Farming & Wildlife Committee are reviewing how demonstrations and activities will be advertised to the public through the use of the Demonstration Board.

Therefore if this is applicable to your exhibit, please tick the category that applies to your stand and provide a short description below:

- 1) Demonstrations that last for a short period of time (half an hour) and are repeated at timed intervals - e.g. shearing, flying, forestry and fly-casting, involving crowds watching and/or noise or PA.

- 2) Demonstrations or activities that also happen at regular intervals, but do not need PA and are probably interactive. A limited number of people would be taking part at any one time – e.g. spinning and weaving , pole lathing.

- 3) Exhibitors which are ‘doing things’ most of the day for people to watch or take part in – i.e. coppice workers, fly-tyers, pond dipping.
