We sell oud inspired
perfumes, oils, diffusers, oil
burners.

Oud or Oudh is by far one of
the most expensive
raw fragrance ingredients in
the world. Oud is an intensely
fragrant oil
extracted from tree resin. In
perfumery, it is often used as
a base note –
its signature depth and rich
animalic aroma provide a
sensual, woody
dry down. With its earthy
notes and intriguing
character.

Our Mission Statement was
borne and inspired by Oud.

Elevate your Aura: Discover
the Essence of Aurami's
Signature Scents.
Aurami's conception started
in 2023.

Glassware from Recycled Bottles: Used bottles are repurposed to create eco-friendly glassware. The bottles are cut, shaped into items such as gin, wine, and whisky glasses, and bowls and dishes. Each piece is hand-engraved with unique artwork, reflecting Kenyan craftsmanship. The glassware is elegantly packaged in handmade boxes crafted from banana tree leaves, lined with Kikoy material, a traditional Kenyan fabric known for its vibrant prints.

Sisal Baskets: The baskets are crafted from Sisal fibre, a natural thread sourced from the Kenyan Agave Sisalana Plant. The fibres are hand-extracted, rolled into thread, and woven into different basket shapes. Some baskets are lined with locally sourced fabric, while others feature leather beading, adding a blend of traditional and contemporary design.
